Prohibition of dismissal during or on account of absence from work owing to confinement.

9. (*1*) When a woman absents herself from work in accordance with section 3, or has obtained permission to absent herself in accordance with section 4, it shall be unlawful for the manager to dismiss her during or on account of such absence, or to give notice of dismissal on such a day that the notice will expire during such absence.

(*2*) The dismissal of a woman at any time within six months before she is delivered of a child, if the woman but for such dismissal would have been entitled to maternity benefit under this Act, shall not have the effect of depriving her of that maternity benefit if the Chief Inspector is satisfied that her dismissal was without sufficient cause.

Power of Chief Inspector or Inspector to direct payments to be made.

10. (*1*) Any woman claiming that maternity benefit to which she is entitled under this Act and any person claiming that a payment due under sub-section (*2*) of section 8 is improperly withheld may make a complaint to the Chief Inspector or any Inspector.

(2) On receipt of such complaint or on his own motion without any such complaint being made, the Chief Inspector or Inspector may make inquiry or cause an inquiry to be made, and if satisfied that a payment has been wrongfully withheld may direct the payment to be made in accordance with his orders.

Penalty for contravention of Act by a woman.

11. Any woman who does any work for which she receives payment in cash or kind after she has been permitted under sub-section (1) of section 4 to absent herself from work, or who engages in employment in any mine in contravention of section 3, shall be punishable with fine which may extend to ten rupees, and, if she is entitled to maternity benefit under this Act, shall forfeit her right to any maternity benefit not already paid to her.

Penalty for contravention of Act by owner or manager.

12. (1) Any owner or manager of a mine, who contravenes any provision of this Act for which no express penalty is provided, shall be punishable with fine which may extend to five hundred rupees.

(2) The Court imposing the fine may, if the contravention has resulted in depriving a woman of any maternity benefit due to her, order the whole or any part of the fine when paid to be applied in payment of compensation to the woman for any loss caused to her by the contravention of the provision on account of which the fine has been imposed, and an Appellate Court or the High Court in exercise of its powers of revision may also make such order.

Cognisance of cases.

13. (1) No prosecution under this Act shall be instituted except by or with the sanction of the Chief Inspector.

(2) No Court inferior to that of a Magistrate of the first class shall try an offence punishable under this Act or any rule made thereunder.

(3) No Court shall take cognisance of an offence punishable under this Act or any rule made thereunder, unless complaint thereof is made within six months of the date on which the offence is alleged to have been committed:

Provided that in computing the said period of six months any time spent in obtaining the sanction of the Chief Inspector required by sub-section (1) shall be excluded.

Power of Central Government to make rules.

14. (1) The Central Government may, subject to the condition of previous publication, by notification in the official Gazette, make rules to carry out the purposes of this Act.

(2) In particular and without prejudice to the generality of the foregoing power, such rules may—

(b) prescribe the form of the notices referred to in section 4 and section 6, and require mines to supply copies thereof to women workers;

(c) regulate the examination of women under the proviso to sub-section (1) of section 4, and the grant of the certificates therein referred to;

15. (*1*) The manager of every mine in which women are employed shall cause an abstract in the local Indian language of the provisions of this Act and of the rules made thereunder to be exhibited in the mine in such manner that they may come to the notice of every woman employed in the mine.

(*2*) For any contravention of the provisions of this section the manager shall be punishable with fine which may extend to one hundred rupees.

Power of Central Government to exempt mines from operation of Act.

16. The Central Government may, by notification in the official Gazette, exempt any mine or class of mines from the operation of this Act.

Act binding on Crown.

17. The provisions of this Act shall be binding on the Crown.

STATEMENT OF OBJECTS AND REASONS.

Many Provinces have legislation providing for the payment of maternity benefits by employers to women workers employed in factories. This Bill provides, on the lines of the existing Provincial legislation covering factories, for prohibition from employment in mines of a woman worker during the four weeks following the day on which she is delivered of a child, and for the payment to her of maternity benefit at annas 8 per day for a period up to four weeks of absence before delivery and for four weeks after delivery.

Miscellaneous

NOTIFICATIONS.

No. 1360Mis.—11th November 1941.—In exercise of the powers conferred by clause (*b*) of sub-section (2) of section 241 of the Government of India Act, 1935, the Governor is pleased to make, in supersession of all previous rules issued on the subject, the following rules for the regulation of recruitment to the clerical service of the Secrtariat and in the offices included in (2) of Schedule C of the Bengal Public Service Commission Regulations, 1937:—

Rules for the regulation of recruitment to the clerical service of the Secretariat and certain other offices of the Government of Bengal.

The clerical service of the Secretariat of the Government of Bengal is divided into two divisions—the Upper Division and the Lower Division.

Upper Division.

2. The Upper Division of the clerical service in the Secretariat is graded as follows:—

(*a*) A time-scale of pay Rs. 115—20/2—215—25/2—290—20/2—350 with an efficiency bar after the 14th stage.

(*b*) A selection grade of Rs. 375—25—425.

Special pay of Rs. 75 per mensem attaches to certain of the posts of Head Assistant.

3. Vacancies which occur in the Upper Division of each department will be filled by the following methods:—

(*a*) Direct recruitment of candidates by means of a competitive examination which will be the same as that prescribed for the recruitment of the Bengal Civil Service (Executive) and other services in Bengal. The rules regulating the recruitment of these services will apply in the case of direct recruitment of the Upper Division of the Secretariat.

(*b*) Selection of suitable Europeans or Anglo-Indians. The educational attainments required of such candidates will be the Intermediate Examination, the Senior Cambridge Local Examination, the Cambridge Senior School Certificate Examination or a Certificate that the candidate has passed the final examination of the advanced Commercial Classes. In this case preference will be given to graduates.

(*c*) Promotion from the Lower Division.

(*d*) Nomination in special cases in accordance with the provisions of rule 14 or 15.

The Upper Division shall be composed half of men drawn from the Lower Division and half of direct recruits. If one or other class preponderates steps should be taken to secure the correct proportions. When these proportions have been secured vacancies occurring among the direct

recruits shall be filled by direct recruitment in accordance with the Bengal Services Recruitment (Communal Ratio) Rules, 1940, and vacancies among men drawn from Lower Division by promotion.

Promotion from the Lower Division for appointment in the Upper Division will be made on the ground of merit. Unless other considerations are equal, seniority will not be taken into account.

Similarly, in the promotion of Upper Division clerks for the posts of Head Assistant, merit shall be the deciding factor and the time spent in the Upper Division shall not be taken into account unless it is impossible to choose between two or more clerks on merit alone.

4. (*1*) Selection under rule 3 (*b*) shall be made only when there is no qualified European or Anglo-Indian candidate available on the results of the competitive examination referred to in rule 3 (*a*).

(*2*) When selection is made under rule 3 (*b*), the department concerned will obtain suitable nominations. These will be called for from the Director of Public Instruction who will submit, in consultation with the authorities of the European colleges and schools or other educational institutions, the names of the required number of candidates for each vacancy who possess the prescribed qualifications. Candidates otherwise qualified shall not be necessarily precluded from consideration by the Director of Public Instruction on the ground merely that they have appeared and failed to qualify at the examination referred to in rule 3 (*a*).

(*3*) The names obtained from the Director of Public Instruction in accordance with sub-rule (*2*) will be forwarded by the department concerned to the Public Service Commission who will return them arranged in order of preference. The appointment will be made by the department concerned upon a consideration of this recommendation.

5. Candidates appointed under rule 3 (*a*), 3 (*b*) and 3 (*d*) will be on probation for two years, during which they will draw pay at the rate of Rs. 115 per month. Candidates promoted under rule 3 (*c*) will, on confirmation, commence at the fifth stage in the time-scale of Rs. 115—20/2—215—25/2—290—20/2—350 for the Upper Division.

Lower Division.

6. (*1*) The Lower Division of the clerical service of the Secretariat is graded as follows:—

(*a*) A time-scale of pay Rs. 60—5/2—70—6/2—130 with an efficiency bar after the 14th stage.

Newly appointed assistants will be on probation for two years.

(*b*) Selection grade of Rs. 150—25—175 for clerks of special merit (limited to 10 per cent. of the Lower Division in each department) who have passed the ordinary incremental period of one year on the maximum of the time-scale.

The bar in the time-scale will apply in the case of those clerks who are employed on purely routine work, such as despatcher, sorter, recorder, indexer, diarist, inter-departmental clerk, file-keeper, etc.

(*2*) The lower posts of clerical service in the following offices are graded as follows:—

(*a*) (*i*) in the Secretariat Record Room a time-scale of pay Rs. 60—5/2—70—6/2—130 with an efficiency bar after the 14th stage,

(*ii*) in the office of the Board of Revenue a time-scale of pay Rs. 45—5/2—50—6/2—86—8/2—110—5/2—120 with an efficiency bar after the 16th stage,

(*iii*) in the office of the Inspector-General of Police a time-scale of pay Rs. 45—45—50/6—110 with an efficiency bar after the 14th stage,

(*iv*) in the Bengal Government Press a time-scale of pay Rs. 40—40—45—5/2—100 with an efficiency bar after the 14th stage,

(*v*) in the office of the Pooling Section, Port Office, Calcutta, a time-scale of pay Rs. 40—40—45—5/2—75—3/2—90 with an efficiency bar after the 14th stage,

(*vi*) in other offices to which these rules apply a time-scale of pay Rs. 45—45—50—6/2—80—5/2—105 with an efficiency bar after the 14th stage.

Newly appointed assistants will be on probation for two years.

(*b*) There are certain posts on higher scales of pay in all these offices to which assistants of merit in the lower scale may be promoted.

7. Save as provided in rules 14, 15 and 16 vacancies in the Lower Division of the Secretariat and of offices to which these rules apply will be filled up by means of a competitive examination.

8. The examination will be held in the month of July of each year. The examination will be conducted by the Public Service Commission, Bengal.

9. Candidates will be required to produce evidence that they have passed at least the Matriculation Examination of an Indian University, the High Madrasah Examination or the High School Examination of the Board of Intermediate and Secondary Education, Dacca, the School Final Examination (Science Side), or the Government Commercial Course Final Examination or has obtained the Indian Army Special Certificate of Education. In the case of Europeans and Anglo-Indians not so qualified, applicants may be accepted who have obtained the Elementary School Certificate and have taken the Supplementary Commercial Course prescribed by the European Schools Code. Notices.

3. If in any case the District Health Officer considers that the issue of a notice under these regulations is likely to lead to such an amount of delay as might facilitate the spread of cholera he may forthwith take such steps as he may think fit for carrying out the work, and shall thereafter, as soon as possible, issue a notice on the person concerned stating the reason why such work has been carried out.

4. If any measure which the District Health Officer has, by a notice issued under these regulations, required to be carried out, be not carried out to his satisfaction within the time stated in the notice the District Health Officer shall be entitled to carry out the measure.

(*2*) The Board may recover all expenses incurred by the District Health Officer in carrying out the measure under regulation 4 from the person or persons to whom the notice was originally issued.

6. The Board shall pay adequate compensation to any person who has sustained substantial loss or damage by reason of anything done under these regulations:

If two sides of a triangle are unequal the greater side has the greater angle opposite to it; and the converse.

Any two sides of a triangle are together greater than the third.

Of all straight lines that can be drawn to a given straight line from a given point outside it, the perpendicular is the shortest.

When a straight line cuts two other straight lines, if—

(1) a pair of alternate angles are equal, or

(2) a pair of corresponding angles are equal, or

(3) a pair of interior angles on the same side of the cutting line are together equal to two right angles,

then the stright lines are parallel; and the converse.

Construction of a triangle equal in area to a given quadrilateral.

Theorems.

The sum of the angles of a triangle is equal to two right angles; and the two corollaries thereto.

If two triangles have two angles of the one equal to two angles of the other, each to each, and also one side of the one equal to the corresponding side of the other, the triangles are congruent.

If two right-angled triangles have their hypotenuses equal and one other side of the one equal to one other side of the other, the triangles are congruent.

The opposite sides and angles of a parallelogram are equal, each diagonal bisects the parallelogram; and the diagonals bisect one another.

If there are three or more parallel straight lines and the intercepts made by them on any straight line that cuts them are equal, then the corresponding intercepts on any other straight line that cuts them are also equal.

ROYAL BOTANIC GARDEN

General.—*Staff.*—Dr. K. P. Biswas, M.A., D.SC. (Edin.), F.R.S.E., held the charge of the Superintendent throughout the year. The posts of the Curator of the Herbarium and the Curator, Royal Botanic Garden, were held by Dr. S. K. Mukerjee, M.SC., PH.D. (Edin.), and Mr. N. Mitra, B.SC., R.D.H., N.D.H., F.L.S., respectively. Mr. Quasem Ali was the Assistant Curator of the Royal Botanic Garden throughout the year. Mr. J. A. Hulbert was the overseer throughout the year except for a short absence on leave from the 17th to the 29th October 1940. Mr. A. T. Banerjee discharged the duties as the Head Clerk efficiently throughout the year.

The Superintendent visited Munsong and Mungpoo plantations during October and undertook a preliminary ecological study of the weed vegetation there with special reference to the cinchona cultivation. He submitted his report to Government during the year under review. A syllabus for the M.Sc. degree in Agricultural Botany was also drawn up by him for Professor J. N. Mukerjee, Professor of Chemistry, Calcutta University. The Records of the Botanical Survey of India, the publication on the Indian Medicinal Plants, the 150th Anniversary volume of the Royal Botanic Garden, Calcutta, and various other botanical papers were edited by him as usual. The Superintendent delivered a course of lectures on Algology to the Post Graduate students in Botany of the University of Calcutta as an honorary lecturer. He was re-elected to serve in the Council of the Royal Asiatic Society as its Natural History Secretary (Biology) and acted as the honorary correspondent in Botany of the Himalayan Club. He continued his algological investigation also as a member of the Water Supply Technical Board, Calcutta Corporation.

Thousands of sheets of grasses from the province of Assam in the local herbarium have been revised and classified according to the modern system adopted by Dr. N. L. Bor in his recent monograph on Graminae. This work completes the series of publications on the Flora of Assam in which the Superintendent and the Systematic Assistant, Botanical Survey of India, assisted the authors to their utmost ability. Dr. D. Chatterjee, M.SC., PH.D. (Lond.), F.L.S., F.R.H.S., who officiated as Systematic Assistant, Botanical Survey of India, from 25th May 1940 to 11th August 1940, during the absence on leave of Mr. V. Narayanaswami, helped in the classification of some of these specimens. Dr. Chatterjee rearranged also several hundreds of sheets in proper order after revising the nomenclature of the major portion of the collection of Euphorbiaceae which was lying hitherto in confusion. The laborious and valuable work of Dr. Chatterjee is very much appreciated. Mr. V. Narayanaswami, Systematic Assistant, Botanical Survey of India, critically examined many of Dr. Bor's grasses and other sheets received from various correspondents. He also assisted the Superintendent in scrutinising difficult specimens and tackling complicated questions on Systematic Botany and nomenclature received from the taxonomists in India and the overseas institutions. The Superintendent brought some specimens from the forest areas in Mungpoo and Munsong during his ecological survey there for augmenting the collection in the local herbarium and for distributing the spare sets to the different institutions in India and outside. A joint trip to Port Canning was made with Professor S. P. Agharkar, Head of the Department of Botany, Calcutta University, in company with the Post Graduate students of Calcutta University in the neighbouring area of Port Canning for discussing the relic mangrove vegetation with special reference to their ecological conditions. A botanical excursion was also made by the Superintendent with Mr. A. P. Benthall, Member of the Board of Economic Enquiry, Bengal, and Dr. S. R. Bose, M.A., PH.D., Professor of Botany, Carmichael Medical College, Calcutta, to Falta by road with a view to adding new records to the Prain's Flora of Hooghly, Howrah and 24-Parganas.

Scientific workers.—Many scientists and research workers from India and abroad during their visit to the garden consulted the herbarium and discussed with the Superintendent various botanical, horticultural, arboricultural and biological problems. Of these may be

mentioned Dr. Pasino Navaratte who was deputed by the Government of Mexico to study the quinine yielding plants cultivated in India and Java. Dr. Navaratte devoted his time in the investigation of the life-history of the various species of cinchona plants and paid special attention to the different methods of cultivation of the quinine plants followed in India and Java. Mr. M. B. Raizada, Assistant Botanist, Forest Research Institute, Dehra Dun, solved his doubts regarding identification and correct systematic position of several species by matching his specimens with the authentic materials of the Calcutta Herbarium. Dr. B. C. Kundu, Lecturer, Presidency College, Calcutta, who is engaged in the study of the genus *Trichosanthes*, received full facilities and guidance during his work at the Herbarium. Dr. S. Ramanujam, Second Economic Botanist to the Government of India, consulted the old literature and the herbarium materials of Indian *Brassicas* (the mustard plant) in connection with his cytological investigation on this important economic plant. Dr. Ramanujam was supplied with necessary information on the previous works on this genus done by Sir David Prain and the Superintendent and others on this subject. Mr. K. Jacob of the Geological Survey of India made an attempt to determine some fossil specimens by comparing them with the dried specimens at the Herbarium. Messrs. R. L. Badhwar and N. C. Goswami, the two botanists under Sir Ram Nath Chopra, Director, School of Tropical Medicine, worked in the Herbarium throughout the year in connection with the preparation of treatises on poisonous and medicinal plants of India. The scientific staff and the artists offered, as in the previous years, their help and co-operation to the best of their abilities for the successful prosecution of Sir Ram Nath's work. Mr. R. M. Dutta, Botanist (Sericulture) in the Department of Agriculture; Mr. A. Das Gupta, Professor of Botany, Bangabasi College; Dr. S. N. Das Gupta, Reader in Botany, Lucknow University; Rai Bahadur G. C. Chatterjee, Director, Anti-malarial Association; Mr. A. Sanyal, Ranger in the Forest Department, Bihar, and others were given full help and facilities for their work in the Herbarium. Mr. R. N. De, Silviculturist and Forest Botanist, Assam, worked for a few days in the Herbarium and got most of his doubtful Assam plants determined and taxonomical queries answered. Dr. K. S. Thomas, Director of Agriculture and Botanical Gardens, Uganda, South Africa, visited the Garden and the Herbarium. He had a long consultation with the Superintendent on the subject of introducing into South Africa various Indian plants of economic, horticultural and medicinal importance. Dr. Thomas was furnished with all available information on the cultivation of cinchona plants, tung oil yielding trees and shade trees. Suggestions were also offered with regard to the development of the Botanical Garden in Uganda. Dr. G. W. Padwick, Imperial Mycologist, Imperial Agricultural Research Institute, Dr. E. Roding, Director of Agriculture, Ceylon, and Dr. D. Rhind, Economic Botanist, Burma, discussed many botanical and horticultural questions with the Superintendent and the Curator of the Herbarium during their visit to the Herbarium and the Garden. Mr. E. C. Mobb, Principal, Imperial Forest Research Institute, Dehra Dun, came here with his students to acquaint themselves with the different sections of the Garden and the scientific arrangement of botanical specimens in the Herbarium. He was taken round the Garden by the Superintendent and the Curator. His boys were also given necessary instructions on the various floristic composition of the Garden.

The water pumped up from the Janardan Lake with the new motor pump is stored in the overhead galvanised tanks installed on the roof of the Herbarium Curator's quarters adjoining the lake on its western side. The water is then distributed by means of pipes and spread over the plants in the Orchid house on the right, the Palm houses on the left and the flower gardens behind the background of trees with *Albizzia Richardiana* in the centre. On the right foreground the two bushes of Bougainvillea when in full bloom in the spring display gorgeous colour. On the left foreground is seen the Rain tree with its branches overhanging the lake. Bunch of the pink flowers of the climbing Bougainvillea hanging like festoons from the ends of the branches of the Rain tree presents a charming picture in the beginning of hot weather.

Distinguished visitors.—The Chinese Goodwill Mission headed by His Excellency Tai Chi Toa visited the Garden and the Herbarium with Messrs. T. G. Shen, Ango Tai, T. T. Shen, T. K. Tseng and C. C. Huang. His Excellency and party spent a long time in the Garden and laid particular stress on reviving the exchange relation between the Royal Botanic Garden, Calcutta, the "mother institution in Asia," and the leading botanical, agricultural and forest institutions in China. His Excellency sent the following telegram from Rangoon to the Superintendent on the eve of his departure from India: "Please accept my heartfelt thanks for your kind hospitality. I shall always cherish a happy memory of the few pleasant hours spent in your gardens." His Highness the Maharaja of Kapurthala with his personal staff spent a day in the Garden last cold weather. He was shown the Herbarium and taken round the Garden by the Superintendent. His Highness evinced considerable interest in the scientific and the horticultural work carried out in the Garden. Her Highness Dowager Maharani of Cooch Behar during her visit to the Garden was keen on introducing into her State some of the evergreen shade trees. Kumar R. K. Nirmal Kumar Singh, The Prince of Bhavnagar, took keen interest in the fruit plants particularly the different varieties of mangoes grown in the garden. Hon'ble Sir G. S. Bajpai, Member, Governor-General's Executive Council, and Mr. G. S. Bozman, I.C.S., Joint Secretary to the Government of India, Department of Education, Health and Lands, inspected the precious collection of dried specimens of plants and botanical literature in the Herbarium and went round the different sections of the Garden. Dr. H. M. Wageworth, President, and Dr. K. L. Kock, Ornithologist, paid a visit to the Garden in February. They were struck by the beauty of the flowers of tropical trees particularly of *Brownias* and *Amherstia nobilis* which just burst into bloom at that time.

Sir David and Lady Ezra, Mr. C. S. Sassoon of Bombay and many other distinguished persons paid a visit to the Garden to witness this year's magnificent blooms of the cold weather annuals.

THE GARDENS

The cyclonic nor'wester storm was severe enough during the year to cause some irreparable damage to the Garden by blowing down several old trees. The pair of Casuarinas, commonly known as Jhau, which stood majestically on the projected bend of the river in front of the Superintendent's quarters serving as a landmark for the last 120

years, had the full brunt of the storm. They were uprooted, removed and replaced by two young plants. The two old Casuarina trees were the object of great beauty. They used to be highly admired by the navigators and all those passing through the river when masses of long pendent foliage of the two species of the Bougainvilleas covering the trees burst into gorgeous red and pink flowers in the early spring every year. These trees are also of historical importance as they, in their young stage, were shown in a sketch by Sir J. D. Hooker in 1849 when he visited the Garden on his way to and return from Sikkim where he was arrested with Dr. Campbell and detained for some time. His arrest subsequently led to the annexation of part of the Sikkim State to the British territory.

The display of the flowering annuals at vantage points in different parts of the Garden was of such fine quality as to warrant repeated visits by a record number of visitors this year too. Nevertheless, it must be admitted that the standard of the bloom was not so high as that of the last year. This is due evidently to the late arrival of fresh foreign seeds and bulbs on account of the war conditions. The difficulty and the delay in obtaining foreign stock will be felt still more in the next and the following years. The growing of the annual flowers in many gardens in this country will thus be adversely affected until the end of the war. India should, therefore, take steps to become self-sufficient in her horticultural needs as well. She should grow common annuals in suitable localities and produce sufficient quantity of acclimatised seeds, bulbs, cuttings, etc., of fairly high standard in order to meet at least her own internal demands. The Royal Botanic Garden and the Lloyd Botanic Garden Darjeeling, have been devoting attention in this direction as far as possible. Some of the bulbs and seeds raised from local stocks proved satisfactory. Unfavourable conditions and want of sufficient response from the private nursery men and amateur gardeners prevented the authorities of the Royal Agricultural and Horticultural Society of India from holding this year the annual agri-horticultural show in their gardens at Alipur. This yearly exhibit of the best local flowers and fruits was a source of encouragement and information to many horticulturists, fruit growers and interested persons. It is hoped that such an annual flower show in a town like Calcutta will be continued with the co-operation and support, as in the past, of the professionals, private nursery men and all lovers of flowers.

Normal routine work of the gardens was duly attended to. Better training and reorganisation of the labour force led to marked progress in the general cleaning operation and many other indispensable items of work in the different sections of the Garden. An outstanding improvement accomplished in the Royal Botanic Garden in the year under review was the installation of an up-to-date electric motor pump for efficient watering of the plants in the Palm houses, Orchid house, flower gardens and shade rockery where the plants require profuse water. The crude method of watering the plants by means of ordinary watering cans and earthen pots has thus been partly given up. The introduction of this new system of watering the plants proved a boon towards successfully cultivating many delicate plants. Suitable temperature, moisture and humidity required for the plant houses can now be maintained. This change in the physical conditions of the Palm houses and Orchid house has already proved particularly beneficial to the health of the

plants grown in these houses. Want of an electric power in the garden evidently prevented the previous officers in charge of the garden from introducing such modern methods which had now been possible after a period of one hundred and fifty-four years. One of the hand pumps used for watering plants has been dislodged and converted into a portable pump. It has thus been possible to use this pump profitably for various purposes. The carts for removing refuse have been fitted with old motor tyres. The roads and lawns have thus been spared from damage. The motor tractor, a very indispensable adjunct to the garden requisites is, as I have already stated in the last year's report, aging fast. It needs replacement at an early date. This motor tractor is being used for cutting grass, rolling roads and lawns, pumping water, pulling and transporting logs and many other items of useful garden work. It is hoped that when the international situation improves it will be possible to purchase a new one. The macadamised roads of the Garden used to be damaged by the sharp iron spikes attached to the wheels of the gang mower. A separate wooden trailer has therefore been built to convey the gang mower to the place where the tractor is employed for cutting grass. This arrangement has prevented the spikes from getting blunt and at the same time lengthened the life of the roads. The road work was in full swing during the favourable seasons. More than a dozen roads were attended to during the current year. An improvised portable boiler has been constructed for boiling tar. This has been found very useful in repairing timely ruts, holes and depressions in the roads. An open iron chamber mounted on a cart has been constructed to burn dry leaves on the spot where cleaning operation goes on. The leaves had to be carried and dumped here and there presenting so many ugly sights. This difficulty in disposing of heaps of dry leaves in the spring season has thus been obviated by means of a simple apparatus devised this year. An attempt is being made to demarcate the boundary line of the Garden along the river front on the south-eastern side with a view to developing a mangrove garden representing estuarian and riparian flora. More than a lakh of bricks have been burnt in the Garden this year with a view to economise expenditure on this material.

The following species planted in the open and in the rockery are new additions:—

Garcinia Morella Desr., *Acacia Suma Kurz.*, *Colebrookia oppositifolia Sm.*, *Vernonia divergens Edgew.*, *Ormocarpum trichocarpum Burtt-Davy*, *Vangueria infausta Burch.*, *Bauhinia reticulata DC.*, *Cardiospermum canescens Wall.*, *Terminalia sericea Burch.*, *Ficus Carica Linn.*, *Prosopis strombulifera Benth.*, *Zizyphus Mistol Griseb.*, *Leucaena pulverulenta Benth.*, *Anona montana Macfad.*, *Centrosema sp.*, *Oncocarpus Panamanus*, *Mimosa Speggazzinii Pirotta.*, *Actinophloeus angustifolius Hort*, ex Bailey, *Coccothrinax argentea K. Schum.*, *Ixora* (New variety, white flowered), *Dioclea sp.* Two rare plants of considerable economic interest were successfully grown this year. These were *Hedychium* of different sorts and *Ephedra Gerardiana*, indigenous to Tibet. Seeds of the latter were received from Mr. Richardson, I.C.S., British Mission, Lhasa, Tibet, to whom our thanks are due for the gift of the seeds of this rare plant. Many old plants destroyed by storm or decayed were removed and replaced by healthier species. Since the garden labels are often removed by a set of mischievous people, the renovation and the replacement of the

garden labels have become a rather laborious task. Labels for one thousand six hundred and twenty garden plants, 119 sign boards, 87 plants and sheet labels and 361 small labels for Green Houses and Nurseries were written. Addresses on 259 boxes of plants and seeds were written for despatching them to the different parties in various parts of India and abroad. The beds in the plant houses were rearranged and renovated and some ornamental species were newly planted in the different plant houses. The lakes in the Garden were attended to in the usual manner. Those in divisions Nos. 25, 12 and 2 were cleaned and silt from the shallower portion of the latter was partly removed during the year by diverting major portion of the labour force for about a month.

Experiments on acclimatisation of some of the fibre plants, paper mulberry and fodder grasses were carried out in the economic garden. Seeds of *Linum usitatissimum* were received from the Netherlands through the Agriculture Department, Bengal. A few seeds from Nepal were also presented by Mr. N. T. Williams, an Attorney at Law. The seeds received with thanks from both these sources germinated, and the plants yielded seeds about six times of the seeds sown. Paper mulberry—*Broussonettia papyrifera*—was easily propagated by different methods. It was discovered that the best method of quick propagation of this important paper yielding plant was by cuttings which should be inserted during the rains. Ganja plant—*Cannabis sativa*—was successfully grown under proper protection for the instruction of the students and for comparison of the doubtful species with the fresh specimen when such plants are sent by the Excise Department to this Department for correct determination. The carpet grass—*Axonopus compressus*—introduced from America some years ago in the Garden, is now spreading fast in the lawns, meadows and fallow lands in many parts of Bengal. This grass was grown in the experimental ground with different kinds of manure. Ammonia and cowdung proved favourable to its growth. This important fodder grass of soft texture is liked very much by cattle. The other fibre plants grown were *Hibiscus subdariffa*, *Crotalaria juncea* and *Musa sapientium*. The fibres of these species tested by the Fibre Expert proved to be of good quality. Attempts have been made during the year to grow different kinds of edible aroids. Cuttings of the different varieties of mulberry tree, both foreign and indigenous, which have been under cultivation for years by Miss Cleghorn and her father, were planted in the Gardens. Some of these are valuable addition to our stock of mulberry trees grown in the Garden from a very early period.

Plant and seed exchange.—Six hundred and fifty-four plants were received from different sources. Twelve thousand nine hundred and sixty-seven plants were despatched to the different provinces in India and various countries abroad. Three hundred and fifty-four packets of seeds were received from Java, South Africa, Surrey (England) as well as from the different parts of India. Four hundred and sixty-eight packets and 62 lbs. of seeds were despatched to such countries as Australia, British North Borneo, Egypt, East Africa, California and also different parts of India. Some difficulties are at present felt in the despatch of plants to foreign countries on account of the war. It is hoped that such obstacles will be removed with the restoration of peace.

The Herbarium.—The scientific work in the Herbarium was satisfactorily carried out throughout the year. During the year under review the total number of specimens identified was 3,472. More than 200 specimens were received in batches from each of the following institutions, namely, Forest Research Institute, Dehra Dun; Forest Manager, Sikkim State; Professor of Botany, the Punjab Agricultural College, Layallpur, and others. One hundred and sixty-eight specimens of medicinal plants received from Mr. B. Singh were identified for the Benares Hindu University. Identifications were also done of a large number of specimens received from Messrs. A. P. Floyd, S. Krishnaswamy, H. Chakravarty of the Presidency College, Calcutta; A. K. Chakravarty of the Rice Research Institute, Chinsura; Miss S. Meyer, Professor of Botany, Bethune College, Calcutta; Dr. R. R. Stewart, Principal, Gordon College, Rawalpindi; Dr. S. R. Sen Gupta, Professor of Botany, Ripon College, Calcutta, and Dr. D. Rhind, Economic Botanist, Burma. Investigation of water plants, chiefly Algae, was carried out by the Superintendent in connection with the research work on pisciculture undertaken by Dr. H. K. Mukerjee, Head of the Department of Zoology, Calcutta University, under the auspices of the Imperial Council of Agricultural Research. Seventy-seven samples of gut contents of fishes were examined microscopically and the result of the examination of these algal materials was embodied in a report which was submitted to Dr. Mukherjee for incorporation in his general report on the subject.

Distribution of specimens was curtailed due to the present disturbed conditions of the world. The total number of specimens distributed to the various recipients in different parts of India and America this year was 1,075. A representative collection of the parasitic fungi growing on the palms and other decorative herbs in the Palm houses, the Orchid house and the Nurseries of this Garden were collected and presented to Dr. G. W. Padwick, Imperial Mycologist, New Delhi, for investigation. The largest number of plants distributed to America during the year under review was 664. The recipient of these plant materials was Dr. E. D. Merrill, sc.d., Director and Administrator of the Botanical Collections of the Harvard University, Arnold Arboretum, Jamaica Plain, Mass., U.S.A. Dr. Merrill sent valuable specimens of Burmese plants to this Herbarium for determination. A set of these Burmese specimens presented by him is a valuable acquisition to the Herbarium for which our grateful thanks are due to Professor Merrill. One hundred and fifty-three specimens were presented to Dr. B. Sahni, d.sc., sc.d., f.r.s., for the Herbarium of the University of Lucknow. Dr. S. R. Bose, Professor of Botany, Carmichael Medical College, and Dr. S. R. Sen Gupta, Professor of Botany, Ripon College, were also recipients of a batch of 100 specimens each for their College herbaria. Mr. A. P. Benthall received a duplicate set of specimens collected during a joint tour by the Superintendent and Mr. Benthall in the neighbourhood of Calcutta. The Biology Department of the Dacca University received also a few selected specimens. Specimens of fruits of *Erythrina indica* were sent to the Botanist, Tocklai Experimental Station, Cinnamara, Assam, for the investigation of the insecticidal properties of this plant. The Officer in charge of the Commercial Museum, Calcutta Corporation, received specimens of the well-known paper yielding plant *Broussonetia papyrifera*. Specimens of the breathing roots of *Avicennia* were sent to Professor S. N. Das Gupta of the Lucknow University for anatomical

work. Dr. P. K. Bose, Department of Chemistry, University of Calcutta, received leaves of *Clausena Wampi* for chemical analysis. Spikelets and mature leaves of *Lopholepis ornithocephala* and *Fingerhuthia affghanica* were sent to Dr. G. H. Schweickerdt of the Durban Botanic Garden, South Africa, for his agrostological researches. Leafy twigs of *Ficus Krishnae* sent to Dr. Agnes Arber, the well-known morphologist of the University of Cambridge, proved to be of particular interest in connection with her research work. The result of her preliminary investigation of this plant confirms to a certain extent the conclusions already communicated by the Superintendent in his paper on *Ficus Krishnae*. A representative set of the collections of this garden was presented to Dr. N. L. Bor, Forest Botanist, Forest Research Institute, Dehra Dun. Four photographs of the type sheets of *Myrsinaceæ* were supplied to Dr. E. H. Walker, Smithsonian Institute, Washington. Dr. Claud L. Horn, Associate Horticulturist, Puerto Rico, U.S.A., was furnished with a photograph of Roxburgh's coloured illustration of *Garcinia mangostana*.

The loan of specimens, much restricted during the year, was confined mainly within the country. One hundred and fifty-seven sheets were sent on loan. One hundred and thirteen sheets consisting of specimens of grasses went to Dr. N. L. Bor of the Forest Research Institute, Dehra Dun, for critical examination. Forty-four sheets of *Salix* were borrowed by Professor Luthra, Professor of Botany, Punjab Agricultural College, Lyallpur, for his study. One hundred and sixty sheets of the herbarium materials lent out in the previous year were returned in good condition. One sheet of *Carex Moorcroftiana* sent to the Director, Royal Botanic Garden, Kew, London, proved to be of particular interest in the investigation of the genus *Carex* by M. E. Nelmes, Assistant Botanist, Kew. A large number of specimens as much as 772 reached the Herbarium safely in spite of the present transport difficulties. The major portion of this gift was received from Professor Merrill of the Harvard University. Five hundred and seven sheets from Burma and Indo-China in Merrill's collection are of particular interest in connection with the writer's study on the Flora of South Burma. Two hundred sheets consisting chiefly of Thailand (Siamese) plants were presented by Sir Arthur W. Hill, Director, Royal Botanic Garden, Kew, to the Herbarium. It is a valuable asset to our collection and we are indebted to Sir Arthur for his help and co-operation in this direction. Forty-two sheets of Labiatæ, some of which are rare, were presented by Dr. R. R. Stewart, Principal, Gordon College, Rawalpindi. Some of the marine algæ of Mr. S. Krishnaswamy presented to the Superintendent as personal gift proved to be a good addition to the algal collection of the Herbarium. *Solanum cornigerum* received from the Honorary Secretary, Agri-Horticultural Society, Madras, and the yellow variety of *Holmskioldia sanguinea* received from Mr. R. N. De, Silviculturist, Assam, are new acquisitions. One hundred and four packets of seeds were received during the year and 107 packets were distributed to the different parties in addition to those received and distributed by the Curator direct from his office.

Incorporation and repair of the herbarium sheets proceeded on usual lines throughout the year. Two thousand one hundred and sixty-four sheets were incorporated during the year and a little over 1,000 genus and species covers were changed. One thousand six hundred and fifty-three specimens were mounted during the year.

A large number of queries have been answered and notes on various questions relating to botanical, horticultural, arboricultural and forestal researches were supplied freely to the numerous correspondents in India and abroad. Miscellaneous information on botanical and allied subjects was also furnished to many scientists and interested persons. Scientific information on the complicated question of nomenclature, systematic position of species, distribution, cultivation and acclimatisation of indigenous and foreign plants of medicinal and economic importance were furnished to various correspondents. Researches on industrial development with special reference to the supplies of war materials demanded information on many a plant product. The manufacture of Agar Agar and Iodine from the sea weeds have recently engaged the attention of several industrial chemists. Notes on the possibilities of the manufacture of Agar Agar and Iodine from the sea weeds available along the coast line of India were furnished by the Superintendent to Sir S. S. Bhatnagar, Director, Scientific and Industrial Research and Dr. B. S. Guha, Professor of Applied Chemistry, Calcutta University. Suggestions were invited from the Superintendent on the question of removing widespread black and brown patches on the canvas sheets supplied in large quantities for war purposes. The spots were found to be due to fungi attacking the canvas. Such canvas infected with mould when used in the battle field presented a difficult problem to tackle with as these organisms not only deteriorate the canvas but proved to be unhealthy for the occupants. Examination showed that the mould was composed of the common fungi belonging to the two genera—*Aspergillus and Mucor* which occur in great abundance everywhere during the moist weather. Investigation was carried on by Dr. S. R. Bose, Mr. A. Bose and the Superintendent with a view to discover an antiseptic treatment. Results of prolonged experiments, study of the nature of the canvas and the life-history of fungi enabled the workers to formulate several prescriptions for antiseptic treatment of the fibrous material at the different stages of the preparation of the canvas. Notes on this subject were submitted to Messrs. Bird & Co. The cultivation and manufacture of tung oil have been engaging the attention of the Directors of many large firms and tea planters during the last few years. Information on the successful cultivation of the several species of the tung oil yielding trees were freely supplied to all who are concerned in the cultivation and manufacture of the Chinese wood oil in India. Some of the tea planters, on account of the recent laws regulating the extension of tea plantations, rightly intend to utilise spare lands for the cultivation of medicinal and other economic plants. Necessary information was supplied to all those who are endeavouring to open up a new line for utilising Indian plants in a profitable manner. Information was also supplied on Bhilwanol supposed to be contained in the plant *Semicarpus anacardium*. Eradication of *Lantana* and *Euphorbia* from the vast areas invaded by these obstinate weeds presents a difficult problem with the Punjab Government. Necessary information on the life-history of these plants and different methods of eradication of the weeds were embodied in a report sent to Mr. J. C. Sind, Forest Publicity Officer, Lahore. Similar notes were also supplied to the Executive Engineer, Damodar Canal, who has been attempting to eradicate another weed known as *Eupatorium odorum* which has spread like wild-fire, particularly in the lower hilly districts of Assam and Bengal. Notes on *Lemna oligorrhiza* were furnished to Mr. C. McCann, Curator, Natural History Society

of Bombay. The Managing Agents, Setabganj Sugar Mills, Calcutta, and Dr. C. A. Kloppenburgh, Gopalpur, Rajshahi, obtained information on the distribution of *Derris elliptica*. Necessary instructions on the cultivation of *Derris species*, the well-known insecticidal plants were also given to them. Information on *Rosa damascena* and the roots of Khas Khas grass—*Vetiveria zizanioides*—was supplied to the National Cement, Mines and Industries, Daltanganj. *Gymnema sylvestre*, a plant which makes sugar tasteless, formed the subject of a correspondence between Mr. S. N. Chatterjee of Rajgir, Patna, and this department. Observations on the control and eradication of water hyacinth were supplied to Mr. C. N. Sarkar, Bengal-Nagpur Railway, and the Deputy Commissioner, Gurdaspur, Punjab. Information on water plants with special reference to malariological survey was supplied to Mr. Senior White, Director of Malaria Survey, Bengal-Nagpur Railway. Information on 31 aquatic plants associated with the malariological work was also supplied to the Assistant Director of Public Health, Bengal. Mr. S. C. Sen, Superintendent, Cinchona, Bengal, was furnished with the notes on the medicinal properties of *Holarrhena antidysenterica*. Report on the distribution and uses of *Periploca aphylla*, *Artemesia maritima*, *Artemesia scoparia* and *Perowskia abrotanoides* supposed to contain santonin were supplied to Messrs. G. E. Glenn and Company, Calcutta. The Fruit Specialist, Lyallpur, Punjab, was specially interested in the *Citrus* specimens and he was furnished with the materials and necessary literature on the subject for his investigation. Systematic position of *Falcourtia*, *Gynostemma*, *Odina*, *Microtropis* and *Alangium begoniæfolium* was discussed in a note forwarded to Dr. E. D. Merill in connection with his researches on these genera. A note on the Indian curry powder was supplied to Dr. F. Chen of the Fan Memorial Institute of Biology, China. Information on *Vetiveria zizanioides*, *Atropa Belladona* and *Ephedra sp.*, *Boswellia serrata*, *Diospyros discolor*, and the two oil yielding grasses—*Cymbopogon Jwarancusa* and *C. schoenanthes*—and a short note on the cultivation of Sandal—*Santalum album*—were supplied to Messrs. Devanport Co., Ltd., Professor R. N. Ghagwat, Head of the Chemistry Department, St. Xavier's College, Bombay; Dr. S. Neogy, Chemistry Department, Calcutta University; Dr. P. K. Sen, Fruit Research Station, Sabour, Bihar, Principal, H. B. Technical Institution, Cawnpore, respectively. Information on the vernacular names and cultivation of *Morinda tinctoria* which yields a good vegetable dye was furnished to the Principal, Bengal Textile Institute, Serampore. Suggestions and opinion on a proposed marine biological station in India were supplied by the Superintendent to Dr. Gravely of the Government Museum, Madras. Notes on the suitable shade trees for the cinchona plantation in Munsong were forwarded to Mr. Thomas, Manager. Professor P. Maheswari, Head of the Department of Biology, Dacca University, received information on the Herbarium and notes on the systematic position of a few species. Professor F. R. Barucha, Professor of Botany, Royal Institute of Science, Bombay, was supplied with particulars of the systematic work on Indian Flora and the arrangements and classification of the specimens followed in the Sibpur Herbarium. Dr. W. Burns, C.I.E., Agricultural Commissioner with the Government of India, was furnished with notes on *Typha elephantina*. Mr. Arvid Dalby, Loss Angeles, California, received a note containing observations on the systematic position and distribution of *Kyllinga brevifolia*. Similar scientific advice was offered to many more correspondents. Botanical work on

the registration of the hybrids under the guidance of a Scientific Committee of which the Superintendent is the Chairman, is proceeding on scientific lines. The work is of far-reaching importance not only to the horticulturists and the gardeners in India, but it is also of considerable international value in the horticultural trade in general.

The Library.—The activities in the library have, to a certain extent, also been curtailed due to the foreign journals not arriving on due dates. The journals and periodicals purchased during the year are 25. Forty journals and pamphlets relating to various botanical questions were received in exchange. Some of these were presented to the library. The number of books purchased during the year was 32, and 7 books and 18 leaflets were received as gifts. The total number of books sent out on loan during the year was 109. About 60 books were returned during the year. Seventy-one old and torn books were bound by the appointment of an additional book repair. These books are irreplaceable volumes lying unattended for years and their protection is long overdue. There are some precious manuscripts as well which require immediate attention. More than a century and a half old Roxburgh's Icones consisting of 2,382 magnificent coloured illustrations, perhaps the only complete set of its kind in the world, were accommodated in a steel cabinet this year for proper preservation and protection from damage by insects and fungi, and by frequent handling. The cataloguing of the library books proceeded on modern lines and about 3,000 books were entered systematically in the register.

Publications.—In the year under review, more than a dozen important papers contributed from this department were published in different journals or read before the scientific meetings. "Plants of the Lloyd Botanic Garden, Darjeeling" by Dr. K. Biswas was published in the Records of the Botanical Survey of India, Volume V, No. 5. Separate maps of this mountain garden are now available for sale at a moderate price of annas four each. They can be had from the library of the Royal Botanic Garden or the office of the Lloyd Botanic Garden, Darjeeling. Limnological investigation was carried on by the Superintendent at Palta Water Works. A paper entitled "Limnological Investigation and Improvement of Villages," written by the Superintendent, was published in "Science and Culture," Volume VI, 1940. Another paper on "Systematic position of a little known flowering plant from South Burma" by him was printed in the Journal of the Indian Botanical Society, Volume XI, Nos. 1-3, 1940. The Superintendent was invited by the Trustees of Indian Museum to deliver a public lecture in the Indian Museum on the 15th Februray, 1940. The lecture was subsequently published in "Nature" (London), "Current Science" and "Science and Culture," Volume VI, 1940, and in the "Bengal Weekly," May 1940, and elsewhere under the title of "The Royal Botanic Garden at Sibpur, its origin and aim." He delivered another lecture on the "Romance of Flowers" on the 2nd March at Chakra Baithak. In addition to these he wrote two more papers: (1) "A Report on the possibilities of cultivation and acclimatisation of tung oil yielding trees in India" which formed the subject of a communication by him before a monthly meeting of the Royal Asiatic Society of Bengal, and (2) the other "Marine algæ along the Bombay Coast" which was contributed to the Botany section of the last session of the Indian Science Congress held at Benares. "A revision of the Labiatae of the Indian Empire" by Dr. S. K. Mukerjee, Curator of the Herbarium, was published in the "Records of the Bontanical Survey of India," Volume XIV, No. 1, 1940.

Some new plants from India and Burma by Dr. D. Chatterjee and Dr. S. K. Mukerjee came out in the Journal of the Indian Botanical Society, Volume XIX, Nos. 1-3, 1940, and "Two new Indian species" by Mr. R. N. De, Dr. S. K. Mukerjee and Mr. V. Narayanaswami was published in the Indian Forester, Volume LXVI, No. 6, 1940. "A note on Cassia javanica Linn. and Cassia nodosa Ham. with a key to the cultivated tree Cassias" by Mr. V. Narayanaswami, was published in the Journal of the Royal Asiatic Society of Bengal, Volume VI, No. 1, 1940. "Two new Annonaceae from Assam and Burma" by Dr. D. Chatterjee, Officiating Systematic Assistant, appeared in the Journal of the Indian Botanical Society, Volume XIX, Nos. 1-3, 1940. "The Bharatiya Banausadhi Parichaya," a voluminous work on the medicinal plants of India, "The Hundred and Fiftieth Anniversary Volume," and "The Flora of the Aka Hills" by the Superintendent are passing through the press.

Finance.—Out of a total budget allotment of Rs. 51,388 for staff and permanent establishment, Rs. 51,307 was spent and under all other heads the expenditure amounted to Rs. 46,688 against the total allotment of Rs. 48,022. There was a net saving of Rs. 1,415 under all heads during the year. Receipt of the department during the year amounted to Rs. 1,782.

CALCUTTA GARDENS

The display of the winter annuals this year in the Calcutta Gardens was quite satisfactory in spite of the belated cold weather. The Dahlias and Carnations proved particularly good and flowers attained record size. Decorative pot plants with attractive flowers were staged in selected spots in the gardens and also along the edges of the lakes. This, as it was expected, enhanced the beauty of the gardens. The flower beds in the lawn near the band stand in the Eden Garden were rearranged and extended round the whole length of the boundary wall of the garden running from north to south. The Giant Amazon Waterlily—*Victoria regia*—as usual won the admiration of the general public. The leaves attained as large a size as in the former years. Seedlings of this plant were distributed to many interested persons and horticulturists. Some of the good varieties of *Nymphaeas* were planted in the jheel and they are thriving well. The stock of the flowering shrubs and trees was increased during the year in addition to the replacement of the old and dead ones. The Mangosteen (*Garcinia mangostana*) planted outside in the garden is doing very well and attained a height of three feet. The Agaru yielding plant (*Acquilaria agallacha*) is still alive and special care is being taken to acclimatise this valuable economic plant. Particular attention has been paid towards the maintaining of the hedges in proper shape especially in the Eden Gardens and Dalhousie Square Gardens. These hedges diminished to some extent the number of short cuts through the lawns. The lawn in the band stand could not be kept at a very high standard on account of the large number of members of the public walking up and down the lawn daily morning and evening. Special attempts are however being made towards introducing good type of grass. In the hot house stock of rare and delicate orchids, ferns, arums and others was increased. These ornamental plants were re-potted with richer soil and this had the desired result on the growth of the plants and quality of flowers.

In the Curzon Garden the road leading from the eastern gate to the centre of the garden as well as the outer circle of the centre has been repaired and treated with hot-fix, while the inner circle has been converted into a concrete platform. This improvement has added much to the tidiness of the garden and it has become the favourite spot for the children. The lawn in front of the High Court gate in the Eden Garden was dug up, levelled and replanted with the best variety of Dhub grass. This lawn is surrounded by a red border consisting of *Aerua sanguinioides*. New beds have been constructed along the banks close to the edges of the water of the Dalhousie Square tank all round. These beds were planted with assorted colours of Phlox which produced the desired beautifying effect due to the reflection of the colours in the water. The *Bougainvilleas* planted at the corners of the tank have done very well indeed. They were quite decorative when in full bloom last winter.

The condition of the existing coolie line in the Eden Gardens is far from satisfactory. It is hoped that when funds will be available the coolies will be better accommodated in a pucca building.

The tanks in the Eden Gardens have all along presented a difficult problem. Re-excavation of the tank is the only remedy. The southern corner and other shallower portions often get silted up and reach the water level. These areas at least need re-excavation without delay. The insanitary condition of the tank due to death and decay of the submerged vegetation has however been avoided as far as possible by careful weeding and surface cleaning with the help of the existing labour force.

Repairing and painting of the benches of all the gardens were carried out as in the former years.

Finance.—Out of the total budget allotment of Rs. 32,096 under all heads Rs. 32,064 were spent leaving a small saving of Rs. 32. Receipts during the year from the Dalhousie Square Garden amounted to Rs. 13.

Staff.—Mr. Merlin Jones discharged his duties as Assistant Curator, Government Gardens, Calcutta, throughout the year and Mr. G. Mohiuddin was the overseer in charge of these gardens.

LLOYD BOTANIC GARDEN, DARJEELING

Rainfall during the year under report was 98·25 inches. The highest rainfall was recorded in July when it was 34·95 inches. It is, however, a little below the average, but this slight deficiency in the rainfall did not affect much the health of the plants. Autumn annuals in the open beds were however damaged to a certain extent on account of continuous rain which lasted for a few days necessitating replacement of the seedlings several times. Routine work in the different sections of the garden was carried out with efficiency. Sir John Anderson rock garden which is becoming a beauty spot of the garden was extended to about 900 square feet further higher up along the adjoining hill sides. The

high altitude plants inserted in this new area are progressing well. It will take some time before the sensitive alpine species will be at home in their more or less different surroundings. This year's additions to the rock garden are the following:—

Anaphalis triplinervis, Androsace Hookeriana, Androsace Poisonii, Anemone demissa, Anemone obtusiloba, Anemone rivularis, Aster sikkimensis, Aster tricephalus, Aconitum spicatum, Arabis alpina, Allium angulosum, Berberis Darwinii, Bupleurum Candollii, Cathcartia villosa, Commelina sikkimensis, Cortia Hookeri, Cortia Lindleyi, Corydalis chaerophylla, Cotoneaster microphylla, Cotoneaster turbinata, Cremanthodium reinforme, Cupressus Lindleyi, Picea excelsa, Veronica incana, Nepeta nervosa, Nepeta macrantha, Disporum pullum, Francoa appendiculata, Inula heleneum, Ligustrum, obtusifolium, Myrtus bullata, Olearia odorata, Hypericum citrinum, Hypericum orientale, Oenothera fruticosa, Rosa Soulieana, Lilium giganteum, Lilium nepalense, Meconopsis Baileyi, Meconopsis cambrica, Meconopsis Wallichii, Meconopsis Prattii, Cotula barbata, Alyssum saxatile, Saxifraga hispidula, Saxifraga purpurascens, Saxifraga Rosy Queen, Gaultheria trichophylla, Kaulfussia ameloides, Nolana grandiflora, Primula sikkimensis, Primula rotundifolia, Gentiana tibetica, Senecio versifolius, Polygonum campanulatum, Rhododendron Aucklandii Broom White Portugal, Sedum coeruleum, Calanthe alpina, Calanthe odora, Potentilla leuconata, Thalictrum japonicum, Epilobium tetragonum, Gaultheria pyrolaefolia, Cynanchum vincetoxicum, Juniperus virginiana.

The display of the flowers in the conservatory was admirable and in fact the glorious spring flowers in the conservatory and rockery attracted this year unprecedented crowd inflating the number of visitors to as high as 94,289. This is a very large increase over the last year's number which was then considered to be a record number.

The plants which flowered during the year are:—

Aconitum spicatum, Aquilegia eximea, Alyssum saxatile, Aster sikkimensis, Auricula, Asphodelus luteus, Androsace Hookeriana, Androsace Poisonii, Arabis alpina, Anemone demissa, Anemone obtusifoba, Anemone rivularis, Anemone vitifolia, Allium angulosum, Calamintha alpina, Cathcartia villosa, Cynanchum vincetoxicum, Clintonia alpina, Calanthe alpina, Calanthe odora, Cremanthodium reniforme, Disporum calcaratum, Cypripedium venustum, Cypripedium fairyanum, Cypripedium Charlsworthii, Cypripedium hirsitissimum, Cypripedium villosum, Dracocephalum speciosum, Dianthus rigidus, Dendrobium spathaceum, Dendrobium rotundatum, Dendrobium moschatum, Dendrobium Thyrsiflorum, Erica, Francoa appendiculata, Gaultheria pyrolaefolia, Geranium polyanthes, Homeria collina, Kennedya rubicanda, Lonicera Maackii, Lilium nepalense, Ligustrum obtusifolium, Meconopsis Wallichii, Meconopsis Prattii, Meconopsis cambrica, Nepeta nervosa, Nepeta macrantha, Saxifraga purpurascens, Salvia glutinosa, Vanda coerulea, Vanda cristata, Vanda Kimballiana.

Particular mention may be made of *Erica* and *Salvia glutinosa* flowering for the first time in the garden during the year. The stock of orchid was increased by the collection made by the Curator and the Superintendent during their trips to the different parts of the district.

Lawns and slopes were properly tackled by combing and other manipulations which restricted the growth of moss and other undesirable weeds. Roads and pathways now all named and properly labelled according to the map of the garden were dressed and kept in tiptop condition by necessary repairs. The pruning, manuring of shrubs and ornamental trees were carried on as usual in time. Two hundred and eighty-four plants of different species were planted in the respective divisions during the year. Two hundred and forty four packets of seeds were received from various correspondents and the following seeds of horticultural and economic importance were successfully germinated in the nursery:—

Berberis vulgaris, Buddleia alternifolia, Buddleia Davidii, Callistemon speciosus, Cytisus albus, Dianthus deltoides, Hypericum Androsaemum, Hypericum citrinum, Hypericum orientale, Hypericum patulum, Iris sp. Three thousand three hundred and thirty-four packets of seeds, 8,170 seedlings, 242 plants and 18 bulbs were supplied to the various botanical and other horticultural institutions during the year. In addition to these, botanical materials were sent to many workers in the different universities in India and abroad for demonstration purposes and research work particularly in connection with the cytological, the genetical and the anatomical investigations. Advanced College students from different parts of India wishing to see the gardens and the herbarium were taken round by the Curator. The students' garden proved of particular interest from the point of education and medicinal investigation. This new section was started last year. Here in a small plot of land some of the common Himalayan medicinal and economic plants were laid out in classified order for the study of the students of Botany and others interested in the subject. Selected species are being added year after year in the different family beds and attempts are being

made to develop it into a miniature physique garden after the model of Chelsea Physique Garden in London. The Curator undertook during autumn a tour to Phalut *via* Raman for gathering fresh viable seeds and rare plants from higher elevations with a view to acclimatising them in the garden situated at a lower level and within the reach of all persons in Darjeeling. In the Annual Darjeeling Flower Show the garden maintained its high standard in staging ornamental flowering plants and rare Himalayan plants of assorted species. Although the Lloyd Botanic Garden exhibit of the group of flowering and foliage plants were marked "not for competition" the effect was so picturesque that it proved to be of outstanding merit and The Lady Mary Herbert was pleased to award the special prize of the Darjeeling Flower Show Silver Gilt Medal to the Lloyd Botanic Garden.

Finance.—Out of an allotment of Rs. 16,248 under all heads, Rs. 16,238 were spent leaving a small saving of Rs. 10.

Staff.—Babu Bahadur Singh, the clerk, retired after rendering 32 years' faithful service. Bahadur Singh's interest in the Lloyd Botanic Garden, Darjeeling, and his conscientious work in this garden deserve appreciation. Rai Sahib S. N. Basu, F.R.H.S., and all the members of the staff discharged their duties well throughout the year.

From—The Commissioner of Police, Calcutta,

To—The Secretary to the Government of Bengal, Department of Public Health and Local Self-Government (Municipal).

Report on the working of the Calcutta Fire Brigade for the year 1940-41.

I have the honour to refer to Government memorandum No. 1560M., dated 18th August 1941, and to forward herewith the report on the working of the Calcutta Fire Brigade for the year 1940-41.

From—F. A. Tucker, Esq., M.I.FIRE E., Chief Officer, Fire Brigade, Calcutta,

To—The Secretary to the Government of Bengal, Department of Public Health and Local Self-Government (Municipal).

(Through C. E. S. Fairweather, Esq., M.A., C.I.E., Commissioner of Police, Calcutta.)

I have the honour to submit the following report on the working of the Calcutta Fire Brigade for the year ending 31st March 1941.

I took over charge of the Brigade from A. Frederick, Esq., M.I.FIRE E., M.B.E., on the 4th October 1940 on his retirement.

Financial statement.—The statement of receipts and expenditure and payments made by the municipalities within the jurisdiction of the Fire Brigade and Licensed Warehouse Act, I of 1893, is given in Appendix I.

The cost of maintenance of the Fire Brigade is contributed by (*a*) the Calcutta Municipality, (*b*) the Howrah Municipality and (*c*) the Garden Reach Municipality at the rate of 83·5 per cent., 14 per cent. and 2·5 per cent., respectively.

Fees for licensed warehouses are charged under section 10 of the Licensed Warehouse and Fire Brigade Act, I of 1893, and are levied at 10 per cent. of the annual valuation of warehouses, subject to a maximum of Rs. 1,500 per warehouse per annum, and the income thus derived provides the 50 per cent. of the cost of the upkeep of the Fire Brigade under the Act.

Fires, etc.—The total number of calls to fires or supposed fires was 482, being a decrease of 63 as compared with the previous year. The actual number of fires attended was 411 which shows a decrease of 44 as compared with the previous year, and the number of fires classed as serious (*i.e.*, over Rs. 20,000 damage per fire, see Appendix III) was 20, being an increase of 6 as compared with the previous year.

Fire stations.—Appendix IV gives the number of times each fire station has been turned out in response to fire calls together with monthly statements.

Staff.—The strength of the Brigade during the year was 284 as detailed below:—

One Chief Officer, 1 Second Officer, 1 Chief Engineer, 5 Station Officers, 8 Engineers, 7 firemen, 1 Warehouse Inspector, 5 clerks, 1 store-keeper, 3 telephone operators, 2 carpenters, 2 lathe mechanics, 1 fitter, 1 blacksmith, 1 tinsmith, 10 Indian drivers, 1 head tindal, 30 tindals, 188 khallasies and 15 menial employees.

I am pleased to say that the general conduct and discipline of the officers and men since taking over charge of the Brigade have been very good, and I record my appreciation of the assistance afforded to me by my senior officers and office staff in my new post.

Fatalities and accidents.—Appendix VI gives short reports of fires and special occurrences involving loss of life or serious accidents.

The number of lives lost at fires during the year under review is 6, being a decrease of 7 as compared with the previous year.

I am glad to report that no serious accidents occurred during training recruits, or at drill.

In all cases, where necessary, first-aid was rendered by the Fire Brigade and the injured persons conveyed to hospital by motor ambulance.

Water-supply.—In Calcutta, water for fire extinguishing is obtained from the unfiltered water-supply system maintained by the Corporation of Calcutta with pumping stations located on the banks of the river Hooghly at Mullick Ghat and Watgunge.

Fire in Cossipur-Chitpur and adjoining areas are extinguished with water supplied from ponds or tanks, many of which are replenished only by rainfall.

In Howrah, the condition cannot be said as satisfactory, although there are some hydrants on the filtered water-supply for being used at fires. The authorities may consider about the installation of more hydrants.

Fire float.—The fire float (5,000 gallons per minute capacity) is stationed on the river opposite the Prinsep's Ghat. During the year under review, it has responded to 7 calls as compared with 3 calls in the previous year.

Street fire alarms, telephones and electrical communications.—I am pleased to record my appreciation of the excellent service rendered by the Bengal Telephone Company.

Inspection Department.—The majority of theatres, cinemas and other places of public amusement, with few exceptions, have no serious fire risks and there were no serious fires during the year under review.

In connection with the Licensed Warehouse and Fire Brigade Act, I of 1893, 6,670 inspections of warehouses have been made during the year. Four hundred and fifty applications and complaints have been attended to and disposed of. Sixty-one prosecutions were made under section 14 of Act I of 1893 which resulted in 41 persons being fined, the fines aggregating in all Rs. 507. One case was warned and discharged and 17 cases were withdrawn and 2 cases were acquitted.

General.—The Calcutta Fire Brigade protects the City of Calcutta and the municipalities of Howrah and Garden Reach and may attend fires outside the boundaries of the above, but not exceeding a radius of 12 miles from Fire Brigade Headquarters, provided appliances can be spared, and on payment of a prescribed fee. The total area protected is approximately 112 square miles, comprising a population of over 2,000,000 persons.

The construction of the permanent Fire Brigade Headquarters, Free School Street, was completed during the year and the station was occupied in October 1940.

My thanks are due to the Calcutta Corporation and municipalities of Howrah and Garden Reach for all the help rendered towards the construction.

The station was officially opened by His Excellency Sir John Arthur Herbert, G.C.I.E., Governor of Bengal, on the 6th December 1940.

Since the beginning of the war, volunteers have been taken on as auxiliary firemen and drivers in order to assist the Fire Brigade for precaution against fires through air raids.

Government have sanctioned remuneration to these volunteers at the rate of annas 8 for each day of duty and Re. 1 for attendance to each fire.

Five auxiliary fire stations were opened with necessary equipments for the purpose to work in conjunction with the regular Fire Brigade.

During the year, a scheme for temporary expansion of the Brigade with increased number of appliances and personnel together with additional temporary fire stations spread over the most important districts and areas throughout Calcutta, Garden Reach and Howrah at a total cost of Rs. 6,24,145 initial and Rs. 29,254 per mensem recurring was submitted to Government for sanction for A.R.P. purposes.

A proposal for extensive alteration in the existing system of telephone connections of the Fire Brigade in Calcutta and Howrah at an estimated cost of Rs. 4,826 initial and Rs. 23,791 per annum was also submitted for sanction.

Orders and Notifications by the Governor of Bengal, the High Court, Government Treasury, etc.

Office of the Secretary to His Excellency the Governor of Bengal

NOTIFICATION.

No. 453.—24th November 1941.—The following is republished for general information: -

OFFICE OF THE PRIVATE SECRETARY TO HIS EXCELLENCY THE VICEROY.

NOTIFICATION.

New Delhi, the 20th November 1941.

No. 145-H.—His Excellency the Viceroy has been pleased to award the Indian Police Medal to the following officer:—

Name of officer and rank.	Statement of services for which the decoration has been awarded.
	Bengal.
Babu Umesh Chandra De, Sub-Inspector of Police, District Intelligence Branch, C.I.D., Chittagong.	In August 1941 Sub-Inspector Umesh Chandra De received information of the whereabouts of a notorious absconder who had eluded capture since the time of the Chittagong Armoury Raid of 1930. Taking a police party, he surrounded a hut in which the absconder was believed to be hiding and at great personal risk, entered the hut alone to effect the absconder's arrest. The absconder attempted to escape but the Sub-Inspector pursued and tackled him single-handed. Although the absconder proved to be unarmed the Sub-Inspector had every reason to believe otherwise, since periodic information had disclosed that he invariably carried arms and was accompanied by armed supporters.

This award is made for gallantry under regulation (*d*) (*i*) of the Regulations governing the grant of the Indian Police Medal and consequently carries with it the special allowance admissible to officers of and below the rank of Inspector of Police.

J. G. LAITHWAITE,
Private Secretary to His Excellency the Viceroy.

By order of His Excellency the Governor,

PART VI

Bills introduced in the Council of State and Legislative Assembly; Reports o Select Committees presented to the Council and Assembly; and Bills published under Rule 18 of the Indian Legislative Rules.

GOVERNMENT OF INDIA.

Legislative Assembly Department.

The following Bill* was introduced in the Legislative Assembly on the 28th October, 1941:—

L. A. BILL No. 32 OF 1941.

A Bill to make provisions in regard to entry, residence, the acquisition, holding or disposal of property, franchise, the holding of public office, or the carrying on of any occupation, trade, business or profession in British India by persons domiciled in the British Possessions on a basis of reciprocity.

Preamble.

WHEREAS it is expedient to make provisions in regard to entry, residence, the acquisition, holding or disposal of property, franchise, the holding of public office, or the carrying on of any occupation, trade, business or profession in British India by persons domiciled in the British Possessions on a basis of reciprocity; It is hereby enacted as follows:—

Short title, extent and commencement.

1. (*1*) This Act may be called the Reciprocity Act, 194 .

(*2*) It shall extend to the whole of British India.

(*3*) It shall come into force on such date as the Governor General in Council may notify in the Gazette of India.

---

*The Governor General has been pleased to accord the previous sanction required under clause (c) of sub-section (1) of section 108 read with sub-section (4) of section 313 of the Government of India Act, 1935, to the introduction in the Legislative Assembly of this Bill.

Definition.

2. In this Act, unless there is anything repugnant in the subject or context,—

(*a*) "British Possession" means any part of His Majesty's Dominions other than British India and the United Kingdom and includes Protectorates and territories which are administered by a Dominion as a mandatory on behalf of the League of Nations; and

(*b*) "entry" includes landing at any port in British India during the period of the ship's stay on her way to a destination outside British India.

Reciprocity of rights.

3. Persons, not being of Indian origin, domiciled in any British Possession will be entitled to only such rights and privileges as regards entry, residence, the acquisition, holding or disposal of property, franchise, the holding of public office, or the carrying on of any occupation, trade, business or profession in British India as are accorded by the law and administration of such Possession to persons of Indian domicile.

Burden of proof on person claiming exemption.

4. If any person alleged to be domiciled in any British Possession and to be subject to the provisions of this Act pleads that he is not so domiciled, or that the provisions of this Act do not apply to him, the onus of proving the truth of such a plea shall be on him.

Power to make rules.

5. (*1*) The Governor General in Council shall make rules for carrying out the purposes of this Act.

(*2*) All rules shall be notified in the Gazette of India and shall thereupon have the effect of law.

STATEMENT OF OBJECTS AND REASONS.

The treatment meted out to Indians overseas and their disabilities have been matters of deep and ever growing concern to the Indians since a very long time. Indians have frequently given expression to their indignation from public platforms and on the floor of the Assembly whenever occasions arose for these. The latest I wish to refer to is the Asiatic (Transval) Land and Trading Act of 1939 passed by the Union Government of South Africa imposing restrictions which are unbearable and strangulate trade and other legitimate activities of Indians. The actions of the Ministers of the Government of Ceylon as well as Burma prejudicial to the interests of Indians are too fresh to need any comment. They are following the examples of South Africa and Kenya who feel encouraged because His Majesty's Government either does not wish to interfere or is impotent to interfere inspite of our strong protests against discriminating legislation. As negotiations have frequently failed to achieve any satisfactory settlement with some of the recalcitrant British Possessions nothing remains but to put into effect the principles of reciprocity which is the object of this Bill. The Bill if passed into law will provide a sanction—though not as effective as the economic—to the Government of India whenever negotiations with an offending country in the British Empire fail. The permanent solution of our troubles can only be achieved when India enjoys the same freedom as South Africa or Great Britain.

PART VI

Bills introduced in the Council of State and Legislative Assembly; Reports of Select Committees presented to the Council and Assembly; and Bills published under Rule 18 of the Indian Legislative Rules

GOVERNMENT OF INDIA.

Legislative Assembly Department.

The following Bill was introduced in the Legislative Assembly on the 27th October, 1941:—

L. A. BILL No. 29 OF 1941.

A Bill further to amend the Code of Criminal Procedure, 1898.

WHEREAS it is expedient further to amend the Code of Criminal Procedure, 1898, for the purpose hereinafter appearing; V of 1898.

It is hereby enacted as follows:—

Short title. **1.** This Act may be called the Code of Criminal Procedure (Second Amendment) Act, 1941.

Amendment of section 162, Act V of 1898. **2.** In sub-section (2) of section 162 of the Code of Criminal Procedure, 1898, after the figures "1872" the following words and figures shall be added, namely:— V of 1898.

"or to affect the provisions of section 27 of that Act".

STATEMENT OF OBJECTS AND REASONS.

Sub-section (*1*) of section 162 of the Code of Criminal Procedure, 1898, provides that no statement made by any person to a police-officer in the course of an investigation shall, if reduced into writing, be signed by the person making it, nor shall any such statement or any record thereof, whether in a police-diary or otherwise, or any part of such statement or record, be used for any purpose (save as provided in the section) at any inquiry or trial in respect of any offence under investigation at the time the statement was made. Section 27 of the Indian Evidence Act, 1872, provides that, when any fact is deposed to as discovered in consequence of information received from a person accused of any offence in the custody of a police-officer, so much of such information, whether it amounts to a confession or not, as relates distinctly to the fact thereby discovered, may be proved.

2. Their Lordships of the Privy Council in *Pakala Narayan Swami* v. *The King Emperor*, I.L.R., 1939, Patna, 234, said that the words of section 162 of the Code of Criminal Procedure were wide enough to exclude any confession made to a police-officer in course of investigation, whether a discovery is made or not, and suggested the possibility, without however deciding the question, that these words might *pro tanto* repeal the provisions of section 27 of the Indian Evidence Act, 1872. Before that decision, it was regarded as settled law that statements made to a police-officer in the circumstances provided for by section 27 of the Indian Evidence Act, 1872, were admissible and were not shut out by the operation of section 162 of the Code of Criminal Procedure, 1898. The Indian High Courts subsequently displayed a division of opinion on this point. The Madras, Patna and Nagpur High Courts concluded that section 27 of the Evidence Act was a special law within the meaning of sub-section (*2*) of section 1 of the Code of Criminal Procedure and was not affected by section 162 of that Code. A Full Bench of the Lahore High Court and a Full Bench of the Allahabad High Court took the opposite view.

3. Provincial legislation, in the Punjab by Punjab Act XI of 1940, in the United Provinces by U. P. Act IX of 1940, has already made in the Provinces concerned the amendment which it is now proposed by this Bill to make generally throughout the whole of British India.

GOVERNMENT OF INDIA.

Legislative Assembly Department.

The following Bill was introduced in the Legislative Assembly on the 28th October, 1941:—

L. A. BILL No. 33 OF 1941.

A Bill to amend the Muslim Personal Law (Shariat) *Application Act, 1937.*

WHEREAS it is expedient to amend the Muslim Personal Law (*Shariat*) Application Act, 1937; It is hereby enacted as follows:— XXVI of 1937.

Short title and extent.

1. (*1*) This Act may be called the Muslim Personal Law (*Shariat*) Application (Amendment) Act, 194 .

(*2*) It extends to the whole of British India excluding the North-West Frontier Province.

Amendment of section 3, Act XXVI of 1937.

2. In sub-section (*1*) of section 3 of the Muslim Personal Law (*Shariat*) Application Act, 1937 (hereinafter referred to as the said Act), for the words "this Act" the words "the provisions of this section" shall be substituted. XXVI of 1937.

Amendment of section 6, Act XXVI of 1937.

3. Entry (*3*) in section 6 of the said Act shall be omitted.

STATEMENT OF OBJECTS AND REASONS.

Section 2 of the Muslim Law (*Shariat*) Application Act, 1937, prescribes that Muslim Personal Law will apply to all cases enumerated therein, in preference to any custom and usage to the contrary. Section 3 of the said Act goes further and provides that if the declaration prescribed therein is made by a Muslim then the Muslim Personal law will apply to 'adoption, wills, and legacies' also. The two sections are quite independent. No declaration before the prescribed authority is required for the applicability of either section 2 or section 5. But the words used in section 3 are somewhat ambiguous. They are: 'Any person who satisfies the prescribed authority.....may by a declaration.....declare that he desires to obtain the benefit of *this Act*'. What is really meant is desires to obtain the benefit of the provisions of this section. The use of the word 'Act' is misleading and some courts have rejected applications under section 5 on the ground that they are premature as the 'Prescribed authority' has not yet been appointed by the Provincial Government and no declaration has been made before it. It is clear from the Act itself that it was not the intention of the Legislature. Hence it is necessary to make the amendment proposed in this Bill.

The other amendment proposed in the Bill relates to section 6 of the said Act. This section was meant to repeal those enactments which gave legal sanction to usage and custom in preference to Muslim Personal Law. Section 37 of the Bengal, Agra and Assam Civil Courts Act, 1887, is also included in the list as No. 3. A perusal of the said section would show that it gives no legal sanction to custom and usage and is in no way inconsistent with the provisions of this Act. It has been included in the list by an oversight. It is, therefore, proposed to delete entry (*3*) in section 6.

After rule 62A of the said Rules, the following rule shall be inserted, namely:—

"Loading of ships."

62B. (*1*) In this rule, unless the context otherwise requires,

(*a*) "the Act" means the Indian Merchant Shipping Act, 1923; XXI of 1923.

(*b*) "assigning authority" has the same meaning as in the load-line rules;

(*c*) "load-line rules", "load-line certificate" and "international load-line certificate" have the same meanings as in the Act;

(*d*) "unsafe ship" has the same meaning as in sub-section (*1*) of section 232 of the Act.

(*2*) Sub-section (*1*) of section 221 of the Act shall have effect, in relation to a ship to which this sub-rule applies, subject to the following amendments:—

(*a*) Where the ship is entitled under the load-line rules to be loaded to the depth indicated by the summer load-line prescribed by the said rules, the appropriate load-line for the purposes of the said sub-section shall be the tropical load-line so prescribed;

(*b*) where the ship is entitled under the load-line rules to be loaded to the depth indicated by the tropical load-line prescribed by the said rules, the appropriate load-line for the purposes of the said sub-section shall be the tropical fresh water load-line so prescribed.

(*3*) Subject to the provisions of this rule, sub-rule (*2*) shall apply to all British ships registered in British India (not being exempt from the provisions of Part V of the Act, relating to load-lines) with such exceptions and subject to such restrictions as may be specified in a general or special order by the Central Government.

(*4*) Sub-rule (*2*) shall not apply to a ship unless the load-line certificate issued in respect thereof bears an endorsement in the prescribed form signed by or on behalf of an assigning authority stating—

(*a*) that the ship is one to which the said sub-rule applies;

(*b*) the effect of the said sub-rule;

(*c*) any restrictions specified in any such order subject to which the said sub-rule applies to the ship.

(*5*) A certificate issued in respect of a ship shall not be endorsed by or on behalf of an assigning authority in pursuance of sub-rule (*4*) unless the authority is satisfied that the ship, if loaded in accordance with sub-section (*1*) of section 221 of the Act [as amended by sub-rule (*2*)], will not be an unsafe ship.

(*6*) It shall be the duty of the owner of every ship mentioned in sub-rule (*3*) not being a ship excepted by an order made by the Central Government under that sub-rule, to apply in writing to an assigning authority within the prescribed time for endorsement of the ship's load-line certificate in pursuance of sub-rule (*4*).

(7) After receiving any such application with respect to a ship, the assigning authority may by order in writing served on the owner or master of the ship exercise all or any of the following powers, namely:—

(a) require such documents and information with respect to the ship as may be specified in the order to be delivered to it within such period as may be so specified;

(b) require the ship to be submitted for survey at such place and within such period as may be so specified;

(c) in a case where it appears to the assigning authority (whether as the result of a survey or otherwise) that the ship, if loaded as mentioned in sub-rule (5) would be an unsafe ship, require the ship, within such period as may be so specified, to be altered in such manner, or to be equipped with such apparatus, contrivances or appliances, as may be so specified, being alterations or equipment which in its opinion will cause the ship not to be an unsafe ship if loaded as aforesaid;

(d) require the ship's load-line certificate to be delivered to it for endorsement within such period as may be so specified.

(8) The provisions of clause (*ii*) of sub-section (*1*) of section 224C and sub-section (*1*) of section 224D of the Act shall, in the case of a ship the load-line certificate of which has been endorsed by virtue of sub-rule (*4*), have effect as if the particulars mentioned in the said provisions included particulars of the endorsement.

(9) Where the load-line certificate of a ship has been endorsed by virtue of sub-rule (*4*) and the ship ceases, by virtue of an order under sub-rule (*3*) to be a ship to which sub-rule (*2*) applies, the owner of the ship shall forthwith deliver up the certificate to an assigning authority who shall cancel the endorsement.

(*10*) Where the Central Government is satisfied that provision has been made by the law of any country to which the International Convention respecting Load-Lines, 1930, applies similar to the provisions of sub-rule (*2*) and for the endorsement of load-line certificates of ships of that country in manner similar to that required by sub-rule (*4*) it may by order direct that, where a certificate issued in respect of a ship of that country, bears such an endorsement in such form as may be specified in the order, the certificate—

(a) shall be deemed for the purposes of Part V of the Act, to be a valid international load-line certificate, notwithstanding that it bears the endorsement, if, but for the endorsement, it would be such a certificate; and

(b) shall have effect, for the purposes of the said Part V, as varied by the endorsement.

(*11*) Where an order is in force under sub-rule (*10*) as respects ships of any country, section 224I of the Act shall have effect in relation to any such ship as if the following sub-clause were substituted for sub-clause (*a*) of clause (*ii*) thereof, namely:—
